FLEEING RUSSIANS PURSUED BY JAPS

Retreating Russians Are Flanked On Both Sides.

50,000 RUSSIANS ARE CAPTURED

Japanese Have Driven a Wedge Through Russian Center and the Russians Are Surrounded by ring of Steel—Russian Defeat Complete.

Tokio, March 11.—5:30 p. m.—The following dispatch from the headquarters of the Japanese armies in the field was made public today:

In the Sing King (Yenden) direction our force is now attacking a superior force of the enemy occupying the northern height near Fushun.

All our forces in the Shakhe river direction entirely dislodged the enemy on the right bank of the Hun river on Friday and surrounded the enemy on the east and north of Mukden.

According to several reports from noon on March 10 the Russians filled

General Oyama, Commander in Chief of the Japanese Army.

the district between the railroad and the Mukden road in great confusion, and in a state of utter exhaustion.

Thousands upon thousands of Russians are in the district between Sanwa, 8 miles north of Mukden, and retreating north in a desperate condition. I am unable to ascertain the number. Our artillery and infantry in the vicinity are pouring a fierce fire upon them inflicting heavy damage.

On Friday our detachment hurriedly advanced from Singlingten, on the Hun river, between Mukden and Fushun and reached the Pu river 13 miles north of Mukden and at the outset was flying with heavy damages to the remnant of the enemy. Our detachment is now trying to annihilate them.

Later the followig dispatch was received from the headquarters of the Japanese armies:

"Our force in the Sing King direction after carrying the enemy's position on the northern height of Fushun pursued him as far as Hulyuagpao, 5 miles north of Fushun, and at 11 p. m. resumed a vigorous pursuit of him.

"Today we captured a few hundred light railroad wagons and other spoils which are under investigation."

Admiral Ito, chief of the general staff, and Admiral Yamamoto, minister of the navy, have telegraphed their congratulations to Field Marshal Oyama.

St. Petersburg, March 11.—6:50 p. m.—It is reported in the military clubs this evening that General Kuropatkin has lost 300 guns and about 60,000 prisoners, besides about the same number of killed or wounded.

Tokio, March 11.—2 p. m.—The Russian forces are now retiring from Mukden, Northward.

They are flanked on both sides by the Japanese troops in pursuit and are suffering heavy loss.

The full extent of the Russian disaster is still unknown here. It is known, however, that the casualties and losses in guns and munitions of war are enormous. Even approximate figures are unobtainable as yet. It is expected that the prisoners will number many thousands. Local estimates of the number taken vary from 20,000 to 50,000.

It is not clear yet whether General Kuropatkin planned to stand and hold his line north of the Hun river or retire until he found it was too late to accomplish his plan with the forces at his command, owing to his confidence in the ability of the Russian army to withstand assault. His action in heavily reinforcing his right in the neighborhood of Mukden, incline many to the belief that he had planned to hold the line of the Hun river and attempted to cross the right flank.

There was a terrible onslaught, the Japanese drove a wedge through the line of the Hun river and the pressing northward, practically creating an iron cordon around Mukden, bagging a termendous force of the Russians by the operation completed yesterday. Desperate fighting continued during the night, the Russians striving to break the encircling barrier.

It is evident that losses on both sides yesterday were heavy, swelling the already tremendous total involved in the capture of Fushun and the Wushevi fighting. It is not known that as a result of the operations yesterday if the Japanese army succeeded in obstructing the line of retreat between Fushun and Tie Pass, but a small fraction of Kuropatkin's army will emerge from the disaster.

General Oku Captures Supplies.

With the Japanese Army, March 10, 1 p. m., Via Fusan,—Delayed in Transmission.....During the night General Oku's army advanced almost to the railway despite a desperate resistance. Occupied Sujatan station, the main Russian supply depot and captured enormous quantities of supplies, including six millions of rifle cartridges and other supplies in proportion. The Japanese are not hurrying their movements, being determined to lose no chance to make victory certain and decisive. They are confident of the success of their plans.

Czar Nicholas Hears the News.

St. Petersburg, March 11, 3 p. m.—The Associated Press learns that the dispatches received by the Emperor Nicholas from Kuropakin last night in addition to anouncing the retreat of the Russian armies, added:

"Our retreat is being conducted with the enemy harassing both our flanks.

"The second army under Bilderling has suffered the heaviest, both in wounded and prisoners. How many are surrounded is unknown. The army is still in danger."

The curtain which shrouds the extent of the Russian disaster at Mukden has not ben pierced. Nothing positive is known of the situation, not even General Kuropatkin's own whereabouts. The commander in chief's message announcing that all the armies were in full retreat is the last definite word from the battlefield. The absence of news gives fine play to imagination and the city is filled with the most pessimistic reports. The public generally believes that the situation is much more serious than is officially admitted here.

Well Known Merchant Shot.

Hawkinsville, Ga., March 13.—Sheriff Rogers has just received a message from Cochran to hurry there for John J. Blunt, who shot William H. Harrell today. Report reaches here that Blunt cursed Harrell and attacked him in the latter's store, shooting him down. Physicians report the case fatal. Blunt was arrested and brought here to jail. Harrel is 30 years old, and one of Cochran's leading merchants; business and an alderman. Great excitement is caused here and in Cochran over the affair. Blunt is a well known wood and brick layer.

Woman Guilty of Murder.

Cedartown, Ga., March 13.—Polk superior court has been in session this week and the criminal docket has been under review. A noted case was tried. Clem Green, a white woman, was convicted of the murder of Jim Davis, but was recommended to mercy, thus reducing the sentence to life imprisonment. The homicide occurred in May 1904. The counsel has filed a motion for a new trial and the case will go to the supreme court.

STRIKERS DEFEATED IN NEW YORK CITY

Company Succeeds In Running Their Cars In Gotham.

MANY OLD MEN LOSE THEIR JOBS

The Officials of the Company Say They Will Only Take Back Such of the Old Employes Under 40 Years of Age as They Want.

New York, March 13.—Although nearly two days have passed since the local leaders of the unions involved in the big street railway strike were repudiated by their national officers and the strikers ordered back to work, conditions on the affected lines have not become normal. Trains were running today on every branch of the Interborough Rapid Transit company's system, but on reduced and in some cases irregular schedules.

It seems probable now that many of the former employers of the company who went out on strike never will be re-employed. It had been announced that all of those taken back would have to return as individuals that they had forfeited their rights of seniority by their action in joining the strikers, and that they would be obliged to accept a lower rate of wages than they had received. Later it was said that the company had decided not to take on any of the men over 40 years of age.

If the plan is carried out, it will affect hundreds of men who had been employed on the elevated for many years.

Brotherhood Charter Revoked.

Cleveland, March 13.—No reply has up to this hour been received from W. T. Jencke head of the striking Interborough engineers at New York to whom a message was sent yesterday revoking its charter of sub-division 105., said Grand Chief Stone of the Brotherhood of Locomotive Engineers today. Mr. Stone said that it really made no difference whether a reply was received, or whether the charter was returned or not. The members of sub-division No. 105, he said, were no longer connected with the brotherhood. Mr. Stone added, however, that the books of the sub-division must be returned to the headquarters of the brotherhood here and that e expected to hear from Mr. Jencke concerning them within a few days. If the strikers desire to again become members of the brotherhood they will have to make application.

Nothing in Peace Talk.

Washington, March 13.—"After Liao Yang there was talk of peace. Russia's answer was reinforcements. Like Liao Yang, Mukden is the scene of another retreat and again Russia's answer will be large reinforcements, but of peace, not a word."

This was the emphatic statement of Count Cassini, the Russian ambassador, today in the light of the morning dispatches telling of the Russian retreat. The only official news he had received in the last few days from his government regarding the operations is contained in a brief cablegram which came last night saying that General Kuropatkin was retreating after days of fierce fighting. The ambassador, however, was acquainted several weeks ago with the final decision of the emperor that Russia would continue the war until Russian arms were victorious, regardless of the time it would require, and already preparations are being made for large reinforcements to General Kuropatkin.

If an echo of peace should come out of St. Petersburg, no official in Washington would be more surprised than the Russian ambassador, who has all along been positively informed that nothing but victory for General Kuropatkin can bring an end to the war.

Can Gamble Any Place.

Reno, Nev., March 13.—The bill compelling all gambling to be conducted on the second floor has been repealed. The measure practically makes Nevada a state where gambling can be carried on at any place, either on the street or in the house, so long as the gambler says the license.

WHITE MAN HELD FOR MURDER.

Death of Prominent Elbert County, Ga., Citizen Being Investigated.

Elberton, Ga., March 13.—T. B. Hall, a white man living just within the incorporate limits of the city has been arrested and placed in jail charged with the murder of Barnard F. Smith, who was found dead in the road between Elberton and his home several days ago.

The arrest is the outcome of efforts made to ascertain who killed Smith, and led by Detective Fogg, of Atlanta, employed in the case.

After the coroner's jury had pronounced foul play and had ordered Mid Brown, the negro held as a suspect, released for lack of evidence to hold, Detective Fogg had him rearrested, believing that he knew who committed the crime, if he did not do it himself.

In jail in the presence of several citizens, Brown stated that he and Smith stopped at Hall's house. While Smith was in the house he heard licks and a body fall, and becoming scared, ran off. Later he saw Hall bring the body of Smith out, put it in the buggy, lead the horse into the road, and turn it aloose.

CLOPE WHILE GUESTS WAIT.

Virginia Couple Run Away When Parents Forbid Marriage.

Norfolk, Va., March 13.—Howard J. Bailey informed numerous friends of his approaching marriage to Miss Ida J. Moring, of South Hill, Va., and invited them to attend the wedding, at the home of the uncle of the bride elect, in Norfolk. When Bailey started for his license he found that the girl's parents had got ahead of him and told the clerk not to issue the license.

The couple,not to be outdone, eloped to Elizabeth City, N. C., And then hurried back to Norfolk to inform the guests who had assembled here for the wedding that the ceremony had already been performed and that they were man and wife.

Federal Position for Mrs. Gordon.

Atlanta, March 13.—That the president is considering the appointment of Mrs. Gordon to a remunerative federal office—possibly that of postmistress of Atlanta—is an assured fact. It is possible, of course, that Mrs. Gordon does not care for nor would accept a political appointment, but President Roosevelt is known to have the appointment in mind. In a recent coversation with a prominent Georgia Republican, the name of Mrs. Longstreet, widow of another famous confederate general, was mentioned, and the fact spoken of that she had been appointed to a federal position, that of postmistress of Gainesville.

Bryan Speaks in Wisconsin.

Madison, Wis., March 13.—On invitation Colonel W. J. Bryan today addressed the Wisconsin legislature. Mr. Byran created enthusiasm by championing the reform measures of the state administration. He referred to Governor LaFollette as the first and foremost champion of the reform in the Republican party in the United States. He predicted that the railroads would yet combine with the Standard Oil company in Kansas to put out of business the state oil refinery. Mr. Bryan, however, said the Kansas people would then be aroused and crush the monopolies in that state.

Feudists Didn't Come to Court.

Lexington, Ky., March 13.—The Hargises and Callahan, over whose cases the appellate court yesterday gave Fayette county jurisdiction, did not come here today as they telegraphed yesterday that they would. They sent another message today saying that they desired the chief of police to make the arrest and the court made him a special bailiff and sent him to Jackson today.

Urges Crusade Against Crime.

Jackson, Miss., March 13.—Governor Vardaman has issued a strong address to the peace officers of the state, declaring that the situation in Mississippi is becoming critical, that crime is rampant in all quarters of the commonwealth, and urging officers to promptly begin a crusade to clean out the dives and haunts of criminals

BOMB EXPLOSION CAUSES EXCITEMENT

The Russian Capital Has Another Big Sensation.

THREE LIVES REPORTED LOST

Man Who Was Handling Bomb Supposed To Be One of the Many Terrorists in that City—Several People Were Injured.

St. Petersburg, March 13.—The explosion of a bomb at the hotel Bristol adjoining the hotel d'Angleterre here just before daylight this morning blew to atoms the owner of the bomb, a man with an English passport, and giving his name as Alfred Henry McCullough, and wrecking the adjoining rooms, the wife and another officer, and injuring several other spectators.

The bomb explosion was heard many blocks away, and a tremendous sensation was felt. Not the slightist doubt exists that the man killed was connected with the Terrorist plots.

The bomb was of the same power as those which killed the late minister of the interior, Von Plehve and Grand Duke Sergius, creating the same havoc as did the explosion at the hotel du Nord last spring. The preliminary investigation of police leads them to believe that McCullough was engaged either in packing his effects at the hotel Bristo today or in preparing for some other desperate enterprise today, when the bomb, which, like all infernal machines of the Terrorists, was provided with gravity tubes, fell and exploded as the one at the hotel du Nord did.

The police immediately surrounded the hotel, the mounted gendarmes allowing no one to come within 50 paces.

McCullough's legs were torn off and the flesh on the upper portion of his body shattered, the walls and the ceiling were red with blood. The police believe McCullough was charging the bomb when it exploded.

At the British embassy and consulate Mr. McCullough is unknown. It is not believed he was a British subject.

SCHOOL FOR CHILD WIVES.

Many Girls Found in Chicago Under 14 Years Old Are Wives.

Chicago, March 13.—A school, or at least a special room, for child wives may be established by the board of education as a result of an investigation completed today by the compulsory education department.

The search for wives of compulsory school age was made by Superintendent Bodine, and it is stated, has been more fruitful than even the school officials expected.

More than a score of wives under the age of 14 years are said to be found in one Italian tenement district alone.

The investigation also is said to have proved the existence of a traffic in child wives between this country and Europe. A majority of the school trustees hold that unmarried school girls should not be put in the same classes with the so-called child wives

Our Trade With Hawaiian Islands.

San Francisco, March 13.—The following official statistics of the Hawaiian trade have been received here: The value of the domestic shipments from San Francisco to the Hawaiian Islands varies from $9,500,000 to $10,500,000 annually. Merchandise imported into the district of Hawaii from foreign countries for the year ending July 31, 1903, amounted to $3,142,013; for last year, $3,787,641. Sugar is the principal article of shipment, of which there is for the fiscal year ending June 30, 1903, to the United States $25,310,634, and for 1904, $24,359,285.

Diamond Polishers Strike.

New York, March 13.—All the diamond setters and polishers in one of the eight shops in New York are on strike for 10 per cent increase and shorter hours. The polishers get an average of $34.50 a week and the setters $35 a week. It is feared in the trade that the trouble may spread.

The first day of the fourth week of the circuit court of the Eighth Judicial Circuit for Alachua county convened at 10 o'clock Monday morning, His Honor Judge Willis presiding. The officials looked fresh from the rest of the last three days of the preceding week, and it was evident that they had assembled to get down to business.

The case of the State of Florida vs. Fletcher Watson, charged with the murder of Garrett Chamberlain, was called, and the matter of the selection of a jury began. After spending the morning in this procedure, the following jury was selected:

J. C. Bitteh, Lucius Hall, J. W. Dell, George Kitler, H. L. Beville, J. A. McKinstry, H. J. Baily, P. Y. Smith, J. L. DeLoach, J. B. Warren, L. E. Means, J. M. Cox. E. A. Ostern was appointed by the court as bailiff.

At the afternoon session the case was begun, and during the session six witnesses were examined. This case will probably require three or four days, possibly, as there are a large number of witnesses to be examined. The matter will be sifted to the bottom and every mite of evidence brought out, as the victim of this cowardly murder was one of Alachua county's most prominent young men.

The State is represented by State's Attorney Calhoun, B. A. Thrasher and C. C. Thomas, while Attorneys Carter and Baker appear for the defense.

At 5 o'clock the court adjourned until 9 o'clock this morning.

MR. MOYERS RETURNS.

After Several Months' Absence Will Again Take up Home in Florida.

On Sunday the 12th Geo. W. Moyers arrived via the S. A. L. from various points in Virginia, Washington, Philadelphia, New Jersey and Georgia, after an absence of several months. He has had quite an experience in the snowy regions, and did not see a day from December 10, 1904, to March 9, 1905, but that he could see snow on the ground—thermometer often at zero, but came through all without a flaw and feels equal to anything Florida can offer as a summer offset.

While away Mr. Moyers took in the "inauguration" of our strenuous "Teddy," and from the number of Indian and Republican clubs he saw in the parade, which took exactly four hours to pass a given point, he feels thoroughly convinced that the country has gone to the everlasting bow-wows, beyond the hope of any redemption.

With Mr. Moyers came his cousin, Jas. G. Kynuedy of Green county, Virginia, an old Dominion farmer, who has come South for the first time to get thawed out. He will be the guest of Mr. Moyers while here and will endeavor to acquaint himself with the methods of our truck farmers, and if he succeeds in "catching on" may decide to locate among us.

Lula Campbell killed Laura Stake by cutting her jugular vein and inflicting other injuries on her body. The woman died from loss of blood in 2 minutes. The cause of the killing was the alleged intimacy of the Stake woman and Lula's man, Campbell. The woman was arrested and is now in jail.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—

"I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter;

Dear Mrs. Pinkham:—

"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 5th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

YOUNG LADY NOT INSANE.

Release of Woman from a Sanitarium Shrouded in Mystery.

New York, March 13.—Mabel Spang, daughter of Charles H. Spang, a wealthy manufacturer of Pittsburg, Pa., who was remanded to a private sanitarium in Yonkers Jan. 19, by order of Supreme Court Judge Mayham has been released and is now said to be in Dresden.

[illegible] case attracted considerable notice early in January when a man in this city whom she did not even know brought habeas corpus proceedings before Judge Mayham seeking to have the young woman released from [illegible] although she had no mental ailment.

His restraint in the sanitarium was the result of proceedings which the court refused to make public and after several lengthy hearings Judge Mayham refused to order her release. It is alleged that she was released, however two weeks later, the entire affair remaining a mystery.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

Do Not Boil Coffee Too Long.

There is only one mistake that can be made in making coffee, and that is to cook it too much. When subjected to a momentary boiling and then removed from the fire it is a drink for the gods, but if it is kept at a high degree of heat for thirty minutes its character is entirely changed, and it becomes almost poisonous. Of the people who overcook coffee in this way some do it through ignorance, but the greater part of them through greed in order to make it go further and produce a larger profit. What we need is a law making it a capital offense to boil coffee more than three minutes.—Chicago Chronicle.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

Child Pension in France.

At all times it has been an object with French parents to teach a child to be provident and economical. A child of three can become a member of the Mutualite by giving only 2 cents a week. One cent will entitle it to getting 10 cents a day when it is ill, and the other goes toward getting a pension when it is at a certain age. No one knows how long a child can live, but what does the contribution amount to? There is hardly a child in the world who does not spend that for candy. Now, a boy of eighteen giving 34 cents a month to the society will when he is sixty have a pension of $72 a year.

ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

Eczema made its appearance on my left limb the size of my thumb in 1895, and spread until it was large as my hand, burning, itching and paining me, and for which I could get no relief, until seeing the other cures advertised by you I wrote and secured the advise of your physicians, commenced S. S. S. and it cured me.

PARK'S THEATER CAMPANY

Opened a Week's Engagement Last Night to a Good Audience.

The C. W. Park's Big Stock Company opened a week's engagement under its own canvas last evening, and notwithstanding the inclemency of the weather, was greeted by a good house, which went as evidence that the company, which was here a few weeks ago, were welcomed back again.

The play presented last night was that stirring drama, "The Fatal Wedding," which was rendered in a most interesting and highly sensational manner. Every member of the caste performed their part well, and the play was appreciated to its fullest extent.

There were several specialties between the acts and incidental to the play, all of which were good. Mr. Park has also added a first-class orchestra to the attraction, which is appreciated.

Announcement is made that the four-act comedy, "The Wages of Sin," will be presented this evening. This is one of the finest plays of its kind ever written, and has enjoyed most popular success in the largest cities of the United States, making continuous stands for weeks at a time in metropolitan opera houses. It is a play, clean, instructive, inspiring and rich in humor, and the press throughout the country state that the caste as filled by the Park Company makes it one of the strongest plays in their repertoire.

The management requests The Sun to state that the tent will be made comfortable by means of heaters, and everything will be done for the convenience of patrons.

Remember, the curtain will rise promptly at 8 o'clock.

FLETCHER WATSON ON TRIAL FOR LIFE

This Famous Case Was Called in Circuit Court Monday.

JURY WAS EASILY SECURED

Only Half a Day Required to Complete and Swear in the Jury, and in Afternoon Evidence Was Taken—Several Witnesses Are Summoned.

The first day of the fourth week of the circuit court of the Eighth Judicial Circuit for Alachua county convened at 9 o'clock Monday morning, His Honor Judge Wills presiding. The officials looked fresh from the rest of the last three days of the preceding week, and it was evident that they had assembled to get down to business.

The case of the State of Florida vs. Fletcher Watson, charged with the murder of Garrett Chamberlain, was called, and the matter of the selection of a jury began. After spending the morning in this procedure, the following jury was selected:

J. C. Blitch, Lucius Hall, J. W. Dell, George Kitler, H. L. Beville, J. A. McKinstry, H. J. Baily, P. Y. Smith, J. L. DeLoach, J. B. Warren, L. E. Means, J. M. Cox. E. A. Osteen was appointed by the court as bailiff.

At the afternoon session the case was begun, and during the session six witnesses were examined. This case will probably require three or four days, possibly, as there are a large number of witnesses to be examined. The matter will be sifted to the bottom and every mite of evidence brought out, as the victim of this cowardly murder was one of Alachua county's most prominent young men.

The State is represented by State's Attorney Calhoun, B. A. Thrasher and C. C. Thomas, while Attorneys Carter and Baker appear for the defense.

At 5 o'clock the court adjourned until 9 o'clock this morning.

MR. MOYERS RETURNS.

After Several Months' Absence Will Again Take up Home in Florida.

On Sunday the 12th Geo. W. Moyers arrived via the S. A. L. from various points in Virginia, Washington, Philadelphia, New Jersey and Georgia, after an absence of several months. He has had quite an experience in the snowy regions, and did not see a day from December 10, 1904, to March 9, 1905, but that he could see snow on the ground—thermometer often at zero, but came through all without a flaw and feels equal to anything Florida can offer as a summer offset.

While away Mr. Moyers took in the "inauguration" of our strenuous "Teddy," and from the number of Indian and Republican clubs he saw in the parade, which took exactly four hours to pass a given point, he feels thoroughly convinced that the country has gone to the everlasting bow-wows, beyond the hope of any redemption.

With Mr. Moyers came his cousin, Jas. G. Kennedy of Green county, Virginia, an old Dominion farmer, who has come South for the first time to get thawed out. He will be the guest of Mr. Moyers while here and will endeavor to acquaint himself with the methods of our truck farmers, and if he succeeds in "catching on" may decide to locate among us.

Woman Killed by Jealous Rival.

Gainesville, Fla., March 13.—One of Dutton's mines, near Newberry, was the scene of a horrible tragedy. Lula Campbell killed Laura Staks by cutting her jugular vein and inflicting other injuries on her body. The woman died from loss of blood in 20 minutes. The cause of the killing was the alleged intimacy of the Starke woman and Lula's man, Campbell. The woman was arrested and is now in jail.

TWO OPEN LETTERS

IMPORTANT TO MARRIED WOMEN

Mrs. Mary Dimmick of Washington tells How Lydia E. Pinkham's Vegetable Compound Made Her Well.

It is with great pleasure we publish the following letters, as they convincingly prove the claim we have so many times made in our columns that Mrs.

Pinkham, of Lynn, Mass., is fully qualified to give helpful advice to sick women. Read Mrs. Dimmick's letters.

Her first letter:

Dear Mrs. Pinkham:—

"I have been a sufferer for the past eight years with a trouble which first originated from painful menstruation—the pains were excruciating, with inflammation and ulceration of the womb. The doctor says I must have an operation or I cannot live. I do not want to submit to an operation if I can possibly avoid it. Please help me."—Mrs. Mary Dimmick, Washington, D. C.

Her second letter;

Dear Mrs. Pinkham:—

"You will remember my condition when I last wrote you, and that the doctor said I must have an operation or I could not live. I received your kind letter and followed your advice very carefully and am now entirely well. As my case was so serious it seems a miracle that I am cured. I know that I owe not only my health but my life to Lydia E. Pinkham's Vegetable Compound and to your advice. I can walk miles without an ache or a pain, and I wish every suffering woman would read this letter and realize what you can do for them."—Mrs. Mary Dimmick, 59th and East Capitol Streets, Washington, D. C.

How easy it was for Mrs. Dimmick to write to Mrs. Pinkham at Lynn, Mass., and how little it cost her—a two-cent stamp. Yet how valuable was the reply! As Mrs. Dimmick says—it saved her life.

Mrs. Pinkham has on file thousands of just such letters as the above, and offers ailing women helpful advice.

YOUNG LADY NOT INSANE.

Release of Woman from a Sanitarium Shrouded in Mystery.

New York, March 13.—Mabel Spang, daughter of Charles H. Spang, a wealthy manufacturer of Pittsburg, Pa., who was remanded to a private sanitarium in Yonkers Jan. 19, by order of Supreme Court Judge Marean, has been released and is now said to be in Brussels.

Miss Spang's case attracted considerable notice early in January when a man in this city whom she did not even know brought habeas corpus proceedings before Judge Marean seeking to have the young woman released from confinement alleged she had no mental ailment.

His restraint in the sanitarium was the result of proceedings which the court refused to make public and after several lengthy hearings Judge Marean refused to order her release. It is alleged that she was released, however two weeks later, the entire affair remaining a mystery.

A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by all druggists.

Do Not Boil Coffee Too Long.

There is only one mistake that can be made in making coffee, and that is to cook it too much. When subjected to a momentary boiling and then removed from the fire it is a drink for the gods, but if it is kept at a high degree of heat for thirty minutes its character is entirely changed, and it becomes almost poisonous. Of the people who overcook coffee in this way some do it through ignorance, but the greater part of them through greed in order to make it go further and produce a larger profit. What we need is a law making it a capital offense to boil coffee more than three minutes.—Chicago Chronicle.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

Child Pension In France.

At all times it has been an object with French parents to teach a child to be provident and economical. A child of three can become a member of the Mutualite by giving only 2 cents a week. One cent will entitle it to getting 10 cents a day when it is ill, and the other goes toward getting a pension when it is at a certain age. No one knows how long a child can live, but what does the contribution amount to? There is hardly a child in the world who does not spend that for candy. Now, a boy of eighteen giving 34 cents a month to the society will when he is sixty have a pension of $72 a year.

A Safe Cough Medicine for Children.

In buying a cough medicine for children never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. It is especially valuable for colds, croup and whooping cough. For sale by all druggists.

ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery, acid poisons that are forced through the glands and pores of the skin which set the flesh aflame. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. Book on Skin Diseases and any advice wished, without charge.

Eczema made its appearance on my left limb the size of my thumb in 1893, and spread until it was large as my hand, burning, itching and paining me, and for which I could get no relief, until seeing the other cures advertised by you I wrote and secured the advise of your physicians, commenced S. S. S. and it cured me.

PARK'S THEATER CAMPANY

Opened a Week's Engagement Last Night to a Good Audience.

The O. W. Park's Big Stock Company opened a week's engagement under its own canvas last evening, and notwithstanding the inclemency of the weather, was greeted by a good house, which went as evidence that the company, which was here a few weeks ago, were welcomed back again.

The play presented last night was that stirring drama, "The Fatal Wedding," which was rendered in a most interesting and highly sensational manner. Every member of the caste performed their part well, and the play was appreciated to its fullest extent.

There were several specialties between the acts and incidental to the play, all of which were good. Mr. Park has also added a first-class orchestra to the attraction, which is appreciated.

Announcement is made that the four-act comedy, "The Wages of Sin," will be presented this evening. This is one of the finest plays of its kind ever written, and has enjoyed most popular success in the largest cities of the United States, making continuous stands for weeks at a time in metropolitan opera houses. It is a play, clean, instructive, inspiring and rich in humor, and the press throughout the country state that the caste as filled by the Park Company makes it one of the strongest plays in their repertoire.

The management requests The Sun to state that the tent will be made comfortable by means of heaters, and everything will be done for the convenience of patrons.

Remember, the curtain will rise promptly at 8 o'clock.

Atlanta, March 13.—Active and energetic work on the part of Governor Joseph M. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The followers of Dowie are reported to be losing faith in him. Many have lost money on him as well.

If Russia mixes up matters with the English and gets two armies to retreating from opposite directions, there may be a head-on collision.

Frank Walpole, editor of The Manatee Record, has announced himself as a candidate for "Congressman at Large." The Sun would like to know just when this office was created in Florida.

There is hardly a town in Florida but what a factory of some kind would do well. Canning, pickling and preserving fruits and vegetables pays in the Northern States. It would pay as well in Florida.

In many States the supreme courts are being eliminated from politics. If all courts could be thus managed it would be a grand idea. No judge should be appointed as a reward for political services.

The Irish potato crop in Georgia is considered by some as good as a gold mine. Many counties in Florida are raising them with as much profit. There is never a time when Irish potatoes will not bring a fair price in the market.

Ocala is becoming quite a center for Socialist discussions. Regular lectures are given by Winfield Gaylord in that city, and they certainly must have some effect. There are many points advanced by the Socialist party that are bound to catch the popular fancy.

When you hear the sweet harmony of that dear old song, "My Old Kentucky Home," do you ever think that the grave of the author is unmarked? And hundreds of singers are being applauded for singing the song. Where is the monument talked of for Stephen Foster's grave?

Mrs. Cassie Chadwick was found guilty at Cleveland, O., Saturday, of conspiracy to defraud the United States, by conspiring to secure certificates of checks on a National bank when there were no funds in the bank to her credit. She was found guilty of all seven counts, and can be fined $10,000 on each and imprisoned two years on each. The case will be appealed.

The Southern Traffic Association, which meets in New Orleans March 20th to 25th, at which time lumber will be considered for the State of Florida, has changed the time of such hearing from March 23d to the 27th, when the matter of classification No. 1 of the Florida Railroad Commission will be heard. The rates are known as Class P, and refer to lumber and lath.

The article recently published in this paper in reference to birds protected by the game law was misleading. The article was taken from one of our State exchanges, hence the error. Robbins are not protected in this State, neither are doves. It is unlawful, however, to kill robbins within the city of Gainesville, and all song birds and birds of plumage are protected by the State law.

HAS HELPED GAINESVILLE.

The establishing of the Bible Conference and the Chautauqua in our city has done more to advertise Gainesville than anything else that has ever happened. It has brought people here for that pleasure alone—of attending such a season of Bible study and wholesome amusement.

One gentleman, who with his wife and another lady have been here, said he saw an announcement of the Chautauqua in a little Sunday school paper published in Georgia and they came here. They were so pleased with the meetings and the city that he said they would come again.

Two ladies who had heard of Gainesville through the Chautauqua, came here and were delighted with the place. They will not only come again, but will bring others with them, besides telling others of the pleasant city, excellent drinking water and kindly-disposed people they saw here.

Anything that tends to draw good people to our city is a good thing, as these people help the city. If by any means a dollar is started to roll down the street, someone is going to get it, and it takes money to make the city grow. Indirectly everybody is benefitted by every new dollar that comes into town.

We have every reason to be thankful for these assemblies, and were it not for the efforts of Dr. Clarence B. Strouse, who has labored faithfully to make them a success, there would not be so many people in the country as there is today to speak in tones of praise of Gainesville and her people. He is deserving of the thanks of all for his efforts, and we doff our hat to Mr Strouse.

SILLY UTTERANCE.

Dr. William Osler of the John Hopkins University of Baltimore has made nearly every man in this country who is past 40 years of age mad as a March hare because he stated that after that age they should be chloroformed, as they had outlived their usefulness. The good doctor was 57 at the time he made the assertion and expected to leave the country soon, no doubt desiring to give something to the people by which he would be remembered. But he has caused a considerable worry and to allay this feeling and appease some who have not slept a wink since the statement was made, the following compilation of what men have done who were past 40 years of age may have a tendency to calm their fears and restore them to their ordinary peace of mind and thank Rev. Thomas Gregory for his time devoted in looking up the matter:

Beginning with Demosthenes, we find that the great Athenian delivered his oratorical masterpieces, the orations "On the Crown," at 54.

Aristotle did his greatest work after 50, and Plato after 55.

Chaucer wrote the "Canterbury Tales" and other famous works after 40.

Spinoza wrote his epoch-making book after he was 42.

Lawrence Sterne wrote "Tristram Shandy" after he was 47.

Cervantes was 50 when he began to write the immortal "Don Quixote."

Defoe was 54 when he gave the world "Robinson Crusoe."

Oliver Cromwell did not begin his wonderful life work until he was 43.

Titian was over 40 when he began work on the renowned masterpiece "The Assumption of the Madonna."

Leonardo da Vinci, who, we are told, comes nearest to being history's "universal genius," was 45 years old when he painted "The Last Supper."

Sir Christopher Wren designed St. Paul's Cathedral at 46 and the towers of Westminster Abbey at 80.

Morse was 41 when he gave the world the telegraph.

John Hunter, the celebrated physician, wrote his greatest treatise when 66 years of age.

Pasteur was 53 before he fairly got to work on his hydrophobia cure.

Past 40, too, was Mohammed before he began to write the Koran and to organize the scattered tribes into Islam.

Mommsen was on the shady side of 40 when he wrote his monumental history of Rome, and the other great German historian, Ranke, did not begin his "History of the World" until he was 30.

A Washington dispatch says that the special commission created by the President to consider the subject of naturalization will, it is expected, be prepared to submit to Congress at the next regular session a full report upon this important subject. The President has shown a lively interest in the matter, not only having before him reports of Federal officers containing many specific instances of gross fraud and error in connection with the application of the present naturalization laws but having himself, while connected with the municipal government of New York City, noted many of these evils. Besides internal frauds, the insufficiency of the existing naturalization laws has involved the State department in endless correspondence with European governments growing out of cases of doubtful naturalization.

According to the statement of one of our city ministers, there is a good field in Gainesville for missionary work in the Sunday school. It is reported that there is a large number of children in the city that don't attend this branch of Sunday services and an effort will be made to get them started in that direction. Some of the schools give prizes to those who attend most regularly, and where this has been the custom the schools have been most successful.

Telegraph Company Restrained.

Charleston, S. C., March 13.—In the United States circuit court, an order was taken restraining the city authorities of Anderson from attempting to collect by forcible means the new license rate of $100 from the Western Union Telegraph company, which the company alleges in its bill of complaint to be unjust and unreasonable. The agent of the company was recently placed in jail and the order of the court directs that this procedure, which has again been threatened, be not done. The complaint alleges that its business does not justify the payment of the license sum which has been demanded.

MR. DELAND WAS PLEASED WITH CUBA

He Believes That is the Coming Country for Young Men.

THE POSSIBILITIES ARE GREAT

Eastern Cuba Possesses Some of the Finest Stock Grazing Ranges in the World—Health and Climate All One Could Ask.

C. A. DeLand, who has just returned from Eastern Cuba, where he has been for the past four months on the Hato Nueva ranch of Steenburg & Moseley, is well pleased with that country and declares it is the coming country for the young man with plenty of energy and little capital.

The ranch upon which Mr. DeLand has been located was owned by A. O. Steenburg of this city, and Rev. H. R. Moseley of Jiguani, Province of Santiago, a Baptist missionary for Eastern Cuba, but Mr. Steenburg recently disposed of his interests to Mr. Moseley. The ranch comprised 4,000 acres, 2,500 of which were leased. Upon the ranch are six hundred head of Florida, Texas and native cattle which are in excellent condition.

"Hato Nueva range is located near Jiguani, Province of Santiago, in the heart of the finest stock raising section in Eastern Cuba," remarked Mr. DeLand, "and cattle thrive well there. The principal grass is the Pauma and Guinea. The former grows about three feet in heighth, while the Guinea, which resembles very much the broom sage of this country, will reach an average heighth of seven or eight feet. This grass is very nutritious, and cattle will eat it to the ground. Cattle thrive and fatten rapidly on this grass, and usually the meat is sweet and tender."

While in Cuba Mr. DeLand made several visits to Santiago. He had the satisfaction of climbing the famous San Juan Hill, and also visited Morro Castle and Fort Barracoa. He returned to the United States via Havana, and while there visited the spot where Christopher Columbus was entombed, as well as many other places of interest. He was located 460 miles east of Havana.

Brain Workers.

Brain workers suffer from headache because they over-tax and exhaust the brain nerves.

Tired, irritated, turbulent brain nerves throb and ache; this weakens the brain power, and robs the memory.

Dr. Miles' Anti-Pain Pills bring tranquility to the excited nerves and stop the pain.

If not relieved, this nerve disturbance is frequently extended to the stomach, causing nausea, vomiting—sick headache.

Dr. Miles' Anti-Pain Pills are convenient to take—just a little tablet, that in a few moments relieves the pain; they leave no disagreeable after-effects, as they contain no opium, morphine, cocaine or chloral in any form.

"From personal experience I can testify that Dr. Miles' Anti-Pain Pills are a most excellent remedy for headache and neuralgia. I have been a great sufferer from both diseases for the past three years. A friend who had also suffered from neuralgia handed me some of the Anti-Pain Pills. I took them and they gave me almost instant relief. Since then I have a package at home, and another at the office, and they never fail to relieve me." R. V. MEGARY, 937 S. Sawyer St., Chicago, Ills.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

THE NEWS FROM MELROSE.

Ladies' Aid Society Give Social Tea. Death of An Old Citizen.

Melrose, March 13.—The social tea of the Ladies' Literary Society given at their hall on Thursday evening was as usual a very enjoyable affair. After partaking of a fine supper, the table decorations being of dogwood and mock-orange blossoms, a guessing contest was in order. Twenty mysterious packages, all wrapped so the contents could not be easily felt, were handed round for examination. The highest correct guess was 13 out of the 20. Several pretty prizes rewarded the winners. Next came a peanut grabbing contest, which was very amusing, as it looked easier than it could be done. The rest of the evening was filled in by some very fine singing and recitations.

B. E. Kyle and General Freight Agent A. D. Williamson, of the S. A. L., were in town on business Wednesday.

Dr. Curtis and H. B. Tolles represented Melrose at the recent Shriners' meeting at Jacksonville, and report having had a first-class time.

N. D. Priest celebrated his seventy-fifth birthday on March 8th by a dinner party.

Mrs. Kalsadra Pinner, another one of the first settlers near Melrose, died on Monday, and was buried on Tuesday afternoon at Eliam Cemetery. A large number of friends were present.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by all druggists.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost if you do not get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better, when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for bronchitis, coughs and colds. Guaranteed, at all drug stores. Price, 50c and $1. Trial bottle free.

Not What He Meant.

Mother (to her daughter)—Will you play that new sonata for the doctor? Daughter—But, mamma, the doctor has had so much sorrow lately— Doctor—But, my dear young lady, to hear you play will not be pleasure.—Allegemeine Blatter.

Startling Mortality.

Statistics show startling mortality from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery, 16 Custom House Place, Chicago, says: "They have no equal for constipation and biliousness." 25c at druggists.

EEGGARS' APPEALS.

How the Professionals Base Them on the Public's Emotions.

Never do panhandlers make the mistake of appealing to the reason. The emotions of the crowd only are attacked. There is always a complete human story in the pose. What, for instance, could be more compelling of sympathy than the spectacle of the bent old graybeard patiently and despairingly as it seemed grinding a wheezy old organ which he had tied into a broken down baby carriage? The suggestiveness of that perambulator, coupled with the wails of that organ, more forlorn than mortal child ever uttered, was worth dollars a day to the old fellow. It was reprehensible art, of course, but art nevertheless. And the artist grew rich, for when investigated by the police he was found to be the owner of many houses in Hoboken.

Again, could there be anything more likely to excite compassion than the crust throwing trick? It was invented by a German beggar named Lang whose French disciple, Lemaire, practiced it subsequently. I have seen a crust thrower operating in Sixth avenue. He was a semi-well dressed man, who walked swiftly down through the crowds of shoppers. Suddenly he uttered a hoarse cry and darted out into the roadway, where, pouncing upon a crust of bread which he had thrown there previously, he began gnawing it ravenously. He did not wait for sympathy. He walked rapidly away, but a number of women who saw the act ran after him and crowded one another for the privilege of giving him money. —Theodore Waters in Everybody's Magazine.

Conceit of the Rooster.

Were it not for the disgusting self conceit of the roosters one might enjoy a poultry show. The rooster is near to nature's heart. He has not civilization enough to veneer his opinions with common politeness and savoir faire, and his disgusting exhibition of the art of being it offends good taste and refinement. How the hen manages to put up with it is certainly one of the mysteries of the coop. If six or eight hens would join a hens' club modeled after Sorosis and throw the rooster down good and hard once or twice, he would soon discover that he was not the only kernel on the cob.—Minneapolis Journal.

A Spelling Rule.

At a school inspection some of the boys found a difficulty in the correct placing of the letters "i" and "e" in such words as "believe," "receive," etc., when the inspector said blandly, "My boys, I will give you an infallible rule, one I invariably use myself." The pupils were all attention, and even the master pricked up his ears. The inspector continued: "It is simply this. Write the 'i' and 'e' exactly alike and put the dot in the middle over them."—London Telegraph.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Railroads Abandon Proposed Improvements in Wisconsin.

Chicago, March 13.—Wisconsin has drawn the wrath of the railroads. Resentful because of the attitude of Governor LaFollette and the state legislature, the public carrier companies have decided to abandon all extensions in the state until the popular temper becomes more friendly. The building of new lines is to be stopped, orders for new equipment are to be cancelled, projected improvements that would cost millions of dollars are to be stopped, and the Northwestern, the St Paul and other roads will engage the state in a game of freeze-out.

This decision will stop, it is asserted, fully $10,000,000 worth of improvements which the Northwestern and St Paul roads had proposed making in 1905.

WILL RACE FOR BIG SUM.

The Horses Will Run for the Crescent City Derby.

New Orleans, March 13.—With the course ankle deep in mud the Crescent City derby will be decided today. This will be the eighth renewal of the classic and a field of eight is carded to start.

Ram's Horn, the best colt yet received here, will start, and his admirers figure he has a chance in spite of his dislike of heavy going. The change in the track conditions has benefited every horse in the race except Ram's Horn. Trapper and the Williams colt are about equal choices in the betting, but shrewd horsemen, after his final trial Thursday, believe Right Royal to be the colt to be beaten.

Jack Martin, the best jockey here, will ride him. The chances of Kitty Platt, King's Trophy and James Sanders have been improved by the change in the going. The outsiders in the race are Trifler and Jim Beattie.

The distance is a mile and an eighth and the race will be worth about $8,000. Had the course remained dry Ram's Horn would have been an odds-on favorite.

The derby is now considered an open event.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

THREW UP HIS HAT.

The Story of Cockrell's Election to the United States Senate.

The truthful story is told in Missouri that the throwing of a broad brimmed hat to the ceiling of the hall of the house of representatives in the capitol at Jefferson City made Francis Marion Cockrell a member of the United States senate. The state had been stirred by a contest for the Democratic nomination for the governorship. The lines between supporters of opposing candidates were sharply drawn. In a state convention numbering a thousand delegates Charles H. Hardin had won by the narrow majority of one-half of one vote. So close was the result and so bitter the feeling that the Democratic leaders feared irreconcilable division in the party ranks. The result, however, had scarcely been announced from the secretary's desk when the tall figure of the defeated candidate, General Cockrell, was seen coming to the platform. A moment more, as the hush of expectancy fell upon the crowded hall, Cockrell's voice rang out. "No man," said he, "will more loyally support the nominee of the convention than myself. No man will throw his hat higher for Charley Hardin than will I." And away to the ceiling went the broad brimmed Cockrell hat. The convention, frantic with enthusiasm, heard not another word. But the following spring General Cockrell became United States senator by the unanimous vote of the Democrats of Missouri. For five successive terms after March 4, 1875, with never a Democratic vote against him, he was elected to the senatorship, the first political office he ever held. No senator from his state surpassed his record in length of years, and none equaled it, save Thomas Hart Benton, the great Missourian.—Walter Williams in The World Today.

Stockbrokers and Juries.

A prominent New York stockbroker says: "The newspapers do not get wind of even a small fraction of the suits brought against brokers because of misunderstandings between us and our customers. Ninety-nine customers out of every hundred think we rob them when they lose their money in the market and give us no credit when they win. We do our hardest to settle all suits out of court, for there is not a jury on earth that will find a verdict for a stockbroker. Why? Simply because every juror has been scorched now and then in the market and holds a grudge against all brokers."—New York Press.

Willing to Oblige.

On one occasion, when Robin Allison, who was beadle at Kilwinning, had carried some goods for a traveler visiting his customers, he was delighted with a dram over and above his pay. "'Deed, that's rale guid o' ye, noo," said Robin, "but maybe I'll be able to dae ye a guid turn yet. Ye ken I'm the gravedigger. Dae—dae ye like your head high?"—London Standard.

His Originality.

Uncle George—I have read your article over, and I must say it shows a great deal of originality. Arthur—Thanks, I'm sure! I flattered myself there were some ideas in it. Uncle George—Oh, I was not speaking of the composition, but of the spelling.

The Customary Climax.

Nordy—How did the new play end? Butts—Oh, in the usual way. Nordy—And what do you call the usual end? Butts—Is a whirl of hats and feathers and opera cloaks.—Houston Chronicle.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

THE CHAUTAUQUA.

A Day of Elocution—Last Program of the Assembly.

The program at the Tabernacle for Monday afternoon was one of the best of the session in point of literary ability, being an address by Geo. F. Bible, A. M., principal of the National School of Elocution and Oratory, Philadelphia. The subject of his address was "Life and Its Opportunity, or the Elements of Success." His remarks were full of interest to the young ladies and young men, and showed that character building was foremost in starting in life. He is a pleasing speaker and makes impressive what he affirms, possessing a brilliant and unassuming humor that is refreshing.

Evening Program.

The rain kept many at home in the evening, although the program was a pleasing one. Prof. Bible gave readings from Shakespeare, and his representation of "Shylock" from "The Merchant of Venice" was excellent. His readings were also highly appreciated. Misses Mitchell and Miller each appeared again in readings and were heartily applauded. Both acquitted themselves in a highly satisfactory manner, the applause being about equally divided.

Today's Program.

Many have looked forward to the program planned for this afternoon and evening with pleasure, when "Wireless Telegraphy" and "Radium," the two wonders of the century, will be illustrated by Prof. W. B. Patty of Chicago. Judging from the press notices this is the best ever.

At night will be given a lecture on "Liquid Air," one of the greatest discoveries of modern times, and the most novel ever seen in Gainesville. These lectures will be of the greatest interest to old and young.

Old Residents Here.

Among the visitors to this city are Mr. and Mrs. J. R. Crawford of Dothan, Ala., who are here as guests of the former's brothers, C. Y. and John L. Crawford. This estimable couple resided in Gainesville for several years, Mr. Crawford having conducted a meat market here. Having disposed of his interests in 1888 he removed to Dothan, where he has since resided. He is one of the stockholders of the Dothan National Bank, and [illegible] several years was the president [illegible] institution. Friends of Mr. [illegible] Hay, Crawford are glad to greet [illegible] handle [illegible]

Mr. Crawford [illegible] himself as being greatly pleased and surprised at the rapid development of Gainesville, which was almost beyond his comprehension.

A. L. Webb, a prominent merchant of Hawthorn, was in town today, looking for a location to do business. He is a pleasant gentleman, and we trust Ocala will open up [illegible] for him. —Ocala Star.
